To the Editor of the News:-There has been considerable talk about the paving of Pine street and I wish to silence the report that was. made by the City Engineer that the paying would cost from \$7.50 to \$8.90 fertsined at Euchre Saturday at her the front foot. I never made such a statement anywhere or to any person If any one heard me make that assesttion let him come forward and say so-What I did see, was based on intelligence kindly furnished by our gentlemanly and courteons City Sollcfor, Mr. Bentley: I did say from all I could learn, that it would cost in the neighborhood of \$6.06 per front foot before the job was complete. I still believe this. Each time the city engineer has spoken of the matter his estimates varied. The property owners who remonstrated did so voluntarily. No complusion was used. It was agreed that the cost of adverishig should be paid by the property owners and the matter, would be dropped. It is now the duty of those not paid to do so immediately. Some have already poid. With a narrow samuel Woods, Mr. and Mrs. H. street and the electric line having a good share of the expense of javing to pay, it was thought that the engineer's first estimate was 100 high. I feel very glad to know that many property owners on our street, fell and feel yet, that the first estimate would not be accepted at all.

Respectfully yours. A TAX PAYER.

### The Awful Curse of Constipation

How Mr. Samuel Evans cure d himself and his family

Some acquire the awful curse of constipation through neglect and some get this dread disease from constitutional weakness, wrong feeding, and lack of exercise. In either case, this distressing condition can be broken up and the bowels edu-

cated to healthy action by the use of Iren-Ox Tablets. Mr. Samuel Evans struggled for years cleaned out once a day, or the poisons that

with Constipation and has at last found a way to, break it up once and for all. He tells his story gladly, so that the whole world may know how to rid themselves of this disease which causes so much suffering and death.

"I find the Tablets a splendid help for Constipation. My three children aged 14, 9 and 31/2 years get a Tablet every morning after their first meal of the day, and I myself use them twice a day. As long as I am around Iron-Ox Tablets will be part and parcel of our early requisites." Mr. Samuel Evans, 373 W. 126th Street, New York, N. Y.

Do not forget for a moment that Constipatide is a DISEASE, and a disease that grows on ope, at first slowly, then rapidly, when allowed to go unchecked. The bowels must be
